Preface 7

- Prerequisites 7
- Hardware and software requirements 7
 - Hardware 7
 - Software 8
 - Reference manual 9
- Installing the files from the CD onto your hard drive 9
 - Windows 9
 - Macintosh and UNIX 10
- Completing the exercises in this book 10
- Conventions used in this book 11

Chapter 1: Starting your template 13

- Font issues 13
- Verifying the FrameMaker interface 14
- Creating the foundation for the template 16

Chapter 2: Modifying page layouts and adding master pages 19

- Setting up the side-head area 20
- Adding the page number to the Left master page 23
- Adding the page number to the Right master page 26
- Adding the First master page 27
- Adding the LandscapeRight master page 29
- On your own: Adding the LandscapeLeft master page 31
- Applying the First master page 32
- Documenting the master pages in the template 33
- Other master page possibilities 36

Chapter 3: Changing and adding character tags 37

- Adding the Bold character tag 38
- On your own: Adding more character tags 40
 - BoldEmphasis 40
 - Note 40
 - Code 41
 - Hyperlink 41
 - ChapterNumber 41
- Documenting character tags in the template 42
- Other character tag possibilities 43

Chapter 4: Changing and adding paragraph tags 45

- Changing the fonts in existing heading tags 46
- Adding a ChapterTitle tag 49
- On your own: Adding the ChapterTitleNoNumber tag 52
- Changing the Heading1 and Heading2 tags to cross the side-head area 53
- Adding a side-head tag (Heading3) 54
- Adding a Note tag 55
- On your own: Adding a Code tag 57
- Changing the autonumbering attributes of the Numbered and Numbered1 tags 58
- Adding the FigureCaption tag 60
- On your own: Modifying the TableTitle tag 62
- On your own: Adding lettered list tags (LetteredA and Lettered) 63
- On your own: Adding a BulletedSecondary tag 65
- Mapping paragraph tags to master pages 66
- Defining paragraph tags and series labels in the template 69
- Other paragraph tag possibilities 70

Chapter 5: Changing and adding table tags 71

- Adding a new table tag with a shaded heading row 72
- On your own: Adjusting paragraph tags for text in tables 75
- Adding the Invisible table tag 77
- Adding the AlternateShading table tag 79

Defining table tags in the template 81

Other table tag possibilities 82

Chapter 6: Adding colors and using them in tags 83

Adding a color from a color library 84

Using the PANTONE 179 CVU color in tags 86

 ChapterNumber character tag 86

 Heading3 paragraph tag 86

 Ruling in Format B table tag 87

 Shading in the ShadedHeading table tag 88

 Line under the ChapterTitle paragraph tag 89

Other color possibilities 91

Chapter 7: Adding and inserting variables 93

Modifying and inserting the Running H/F 1 variable 94

On your own: Modifying and inserting the Running H/F 2 variable on the right master page 97

Adding the ProductName variable 98

On your own: Adding the BookTitle variable 100

Documenting variables in the template 101

Other uses of variables 102

Chapter 8: Adding and applying conditional tags 103

Adding a conditional tag for draft text 104

On your own: Adding the PrintOnly and OnlineOnly conditions 106

Adding a Draft conditional watermark to the First master page 107

 Hiding and showing the watermark 109

Documenting conditions in the template 110

Other conditional tag possibilities 111

Chapter 9: Adding cross-reference formats 113

Adding the <\$chapnum > building block to the Heading & Page format 114

On your own: Adding the <\$chapnum > building block to the Table Number & Page format 117

Deleting some cross-reference formats 118

Adding a cross-reference format that shows just the table number	119
Adding cross-reference formats for figures	120
Adding the Figure Number format	120
On your own: Adding the Figure Number & Page format	120
Using the Hyperlink character tag in cross-reference formats	121
Documenting cross-reference formats in the template	122
Other cross-reference format possibilities	123
Chapter 10: Changing document properties	125
Turning on Smart Spaces and Smart Quotes	126
Verifying page numbering options	127
Setting bookmarks in PDF Setup	128
Chapter 11: Setting up a template for the table of contents	131
Creating a book file with a TOC file	132
Working with the TOC reference page	134
Modifying the ChapterTitleTOC entry	134
Modifying the Heading1TOC and Heading2TOC entries	136
Modifying the paragraph tags for TOC entries	137
Modifying the ChapterTitleTOC and Heading1 TOC tags	137
On your own: Modifying the Heading2TOC tag	139
Updating the TOC file	139
Finishing the TOC template file	140
Adding a ChapterTitleNoNumber paragraph	140
Applying the First master page	141
Changing the running headers and footers	141
Chapter 12: Setting up a template for the index	143
Inserting markers into your template file	144
Working with the IX reference page	145
Adding an index file to the book file	145
Adding the chapter number to the page numbers in index entries	146
Finishing the index template file	148
Adding a title paragraph and applying the ChapterTitleNoNumber paragraph tag	148
Modifying the GroupTitlesIX paragraph tag	148

Applying the First master page 149
Creating two-column master pages 149
Changing the running headers and footers and adjusting the
 pagination 150
Changing the numbering properties of the TOC and index 151

Appendix A: Settings for exercises 153
